

## *Edward Hodge*

ICP Pavilion Show Systems and ICT Device Manager  
BRC Imagination Arts

*Edward Hodge has spent the last ten years working as a technical director and designer in the themed entertainment industry.*

*Edward worked full time with Six Flags Houston as a technical director and received a BFA in theater from University of Cincinnati College conservatory of Music. He has used his diverse theater skills in projects that include corporate entertainment, trade show interactives, theme park style attractions for industrials, interactive truck tours, theme park attractions, and over 60 theme park shows across the country.*

*After receiving an Emmy in 2009 in an overall live production, Edward joined BRC Imagination Arts as the Show Systems and ICT Device Manager on the Information and Communications Pavilion for the Expo 2010 Shanghai. The "first of it's kind" interactive pavilion included two theater immersive shows and an interactive mobile device for every visitor.*

*Currently Edward is employed by Seruto & Co. as the Technical Director for the Queen Mary Halloween redevelopment for the 2010 season.*
