

## Frances Boettcher, AIA

LEED AP  
PBS&J

*Ms. Boettcher has 30 years of experience in architectural practice serving both private and public sector clients in specialized markets including entertainment, hospitality, zoos and aquariums, retail, restaurant, and mixed use.*

*Demonstrated strengths are the comprehensive and seamless management of the design and development process from early concept, programming and site selection through design and construction, and in numerous project delivery methodologies from design-bid-build, CM and CM-at risk, fast-track to design-build.*

*Ms. Boettcher holds a B.Arch., Architecture from the Pennsylvania State University, a certification of Leadership in Energy and Environmental Design (LEED®) Accredited, and is a member of The Themed Entertainment Association, The International Association of Amusement Parks and Attractions, the Florida Attractions Association and the Urban Land Institute.*
